

PITTSBURGH

PLEASE NOTE
 The trail is complete to McKeesport, but not to Pittsburgh. The nine mile gap to the Pittsburgh city limits is under development; no date for completion can be given. Road-riding around this gap is difficult, even for experienced riders. We strongly recommend shuttling between McKeesport and Pittsburgh. Stay tuned for updates on our progress in building this most difficult section of the entire trail system.

To Allegheny County
 Airport and McKeesport
